Annual Rental of Government Buildings.

READ—

Government Order No. P. W. 1773-1839—S., dated the 2nd May 1927, directing that the annual rental of Government buildings be reduced from 8 to 6 per cent on the capital cost, subject to a maximum of 10 per cent of the salary of the officer occupying the building.

2. Note No. D. 400, dated the 15th September 1930, by the Secretary to Government, Public Works Department.

ORDER No. P. W. 1157-1223—6755-6821, DATED 5TH NOVEMBER 1930.

According to the Government Order dated the 2nd May 1927 read above, rent on Government buildings used as residences is levied at the rate of 6 per cent on the capital cost subject to a maximum of 10 per cent of the salary of the officer occupying the building.

2. The rents at present realised from the residential buildings which are expected to pay their way, do not cover the interest on the capital cost and the cost of maintenance. Moreover, there has latterly been an increase in the rate of interest and it is considered necessary that the rent on buildings should be suitably enhanced to make the investment on these buildings yield a fair return.

3. Government are therefore pleased to direct that, with effect from 1st November 1930, the rate of rent be enhanced from 6 to 7 per cent on the capital cost, subject to a maximum of 10 per cent of the salary of the officer occupying the building.
